**Product Description**

The standard Bird’s Beak Edging is used when the wall panel is to the floor and ASPEN Kerbing is not necessary, providing a cheaper option to create a resin floor cove. Corner pieces are mitred and welded for internal and external corners. Suitable for hygienic environments. The Bird’s Beak Edging is available in one standard size with straight lengths and welded corner pieces.

**Technical Specification**

- > 1mm stainless steel.
- > Supplied in 2500mm lengths.
- > Ideal to create a resin floor cove.
- > 300mm x 300mm corner piece.
- > Available in grade 304 stainless steel (British Standard 304S31, Euronorm 1.4301).

ASPEN Stainless hardworking stainless steel products for hardwearing environments:
British engineered and sealed with a lifetime guarantee.

ASPEN Kerbing System

As the UK based designer and manufacturer of all ASPEN Stainless, Canal Engineering is able to offer a full range of products to complete your kerbing system and can customize any of its Units or manufacture complete bespoke kerbing systems.

Key Benefits
An alternative to the ASPEN Kerbing range that will allow a resin cove when the internal or external wall falls to the floor.

Maintenance
Stainless steel equipment should be occasionally thoroughly checked for retained deposits and concentrated fluid build up that causes corrosion.

Cleaning
Many factors affect the choice of cleaning method and frequency of its application. Suitable methods for stainless steel are: water and steam; mechanical non abrasive scrubbing; organic solvents and mild detergents.

ASPEN Kerbing Installation

Canal Engineering offer supply only or full installation, with fully welded and polished joints, and commissioning. Canal Engineering also offer on-going annual inspection and maintenance contracts.

For advice regarding the most suitable ASPEN Stainless for you please contact our technical sales team today to discuss your requirements.

ASPEN Kerbing Options

> A range of resin flooring to create a cove and/or match existing flooring.
